IMAGE CONSULTING & STYLING

WHAT IS Image Consulting?

Ever dreamed of a career that is simultaneously exciting and satisfying? A career in which you'll never stagnate due to its ever-changing notions and ever-growing variety of niche markets. A career through which you can use your knowledge to improve your own quality of life as well as that of others. Whether performed on a full or part time basis, from your home or a commercial office premises, image consulting offers you the unique opportunity to enjoy exactly all of these and so much more.

A Career at **any** age

Image consultancy is one of the few professions offering more and more individuals the chance of earning a professional income both at a young age, as well as past the standard age of retirement. In fact, the majority of your clients might even fall in more or less the same age group as you, simply because people seem to relax and relate better with their peers the older they become.

Not just an image consultant

Image consulting is a career that allows you to start off small and gradually grow as you build your skills base at a pace that's right for *you*. Its versatile nature allows for it to easily link with many other careers and businesses, including beauty therapy, hairstyling, make-up artistry, fashion styling and retail, career counselling, life coaching, journalism and business mentoring amongst others. Many consultants build their business on a part-time, home-based model. And for many of these consultants the need to expand beyond this model never arises – even when they move toward a more corporate image. Remember, this is **your** chance to make a change – not only in your own life, but also in those of so many others around you. Make it count.

What would a course in image and style consulting be without some practical training? In this syllabus we follow a more hands-on approach. Students are given the chance to showcase their newly learned skills as they shop for and style a volunteer of their choice. This syllabus also helps them up their public speaking skills – the first step towards presenting a successful workshop.

Shopping

Learn to shop for a paying client! (volunteer.) The consultant receives a task to style a volunteer of her choice in 3 different outfits. Principles taught during the first 10 days need to be applied. No actual money is spent.

Presenting

Practise your public speaking skills by presenting your first 15 minute workshop to other students. The morning will be used to prepare, as well as draw up your first Powerpoint Presentation. This syllabus will break the ice and make it less daunting to speak in front of your first paying audience.
