IMAGE CONSULTING & STYLING

What is Image Consulting?

Ever dreamed of a career that is simultaneously exciting and satisfying? A career in which you'll never stagnate due to its ever-changing notions and ever-growing variety of niche markets. A career through which you can use your knowledge to improve your own quality of life as well as that of others. Whether performed on a full or part time basis, from your home or a commercial office premises, image consulting offers you the unique opportunity to enjoy exactly all of these and so much more.

Become the **best**
of the best

Privately train with one of SA Image Academy's qualified teachers.

A Career at **any**
age

Image consultancy is one of the few professions offering more and more individuals the chance of earning a professional income both at a young age, as well as past the standard age of retirement. In fact, the majority of your clients might even fall in more or less the same age group as you, simply because people seem to relax and relate better with their peers the older they become.

Not just an image consultant

Image consulting is a career that allows you to start off small and gradually grow as you build your skills base at a pace that's right for you. Its versatile nature allows for it to easily link with many other careers and businesses, including beauty therapy, hairstyling, make-up artistry, fashion styling and retails, career counselling, life coaching, journalism and business mentoring amongst others. Many consultants build their business on a part-time, home-based model. And for many of these consultants the need to expand beyond this model never arises - even when they moved toward a more corporate image. Remember, this is your chance to make a change - not only in your own life, but also in those of so many others around you. Make it count.

Why choose us?

Since we make it our mission to constantly monitor and stay on top of the latest trends in the industry, students can expect course content and material that are up to date and equally interesting. An extensive range of top quality state-of-the-art product samples furthermore complements the course, for you to enjoy both at home and during your consultations.

Who qualifies?

You don't have to be a style guru nor fashionista to qualify for our course. Neither will we label you according to your age or gender. We do, however, advise that individuals enrolling in this course consider whether they truly enjoy working with people and have the willingness to learn. Ample positive energy rounded off with a touch of entrepreneurial skills will, of course, count in your favour.
